Foundation to Meet Principal Cost,

The principal part of the expense of ils expedition, it is said, will be borne by the Rockefeller Foundation. The Serblan relief committee will contribute such large sums as it can raise. It is expected that the American Red Cross will increase the fund with a big con-tribution, as all of those who have been called into conference agree that con-ditions in Serbia are to be considered entirely apart from war relations, and that the fever epidemic is to be viewed solely as a great calamity, demanding relief.

Miss Boardman and Dr. Rose both confirmed today the prediction that decision regarding the sanitation expedition will be made within a couple of days, and that they expect the expedition will be authorized to go to Serbia as soon as possible.

It has been said that every third person is troubled with catarrh in

of the body; that the secretion of the mucous membranes are quickly affected, and local treatments in the form of snuffs and vapors do little if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion, which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it. 14-73 Scott & Bowne, Bloomfield, N. J.
